

# Resolution of Appreciation

**Whereas**, the Wrightwood Community Services District Board of Directors wishes to acknowledge that Stephanie Carroll has been an advocate for the residents of the community and promoter of healthy lifestyles.

**Whereas**, in 2008, you and Michelle Schneider initiated the Tri-Community Co-op, to provide fresh regionally grown produce to residents in Wrightwood.

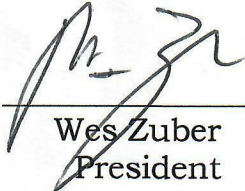

**Whereas**, in 2010, you founded the Wrightwood Farmers' Market. Also managed the market as Market Manager from 2010 through 2011, and as both the sponsor and the Market Manager from 2011-2013. Today, the market is thriving because of the initial seed you planted within the Wrightwood community.

**Whereas**, in 2011, you inspired others to work with you in the creation of the Wrightwood Community Garden. The Community Garden currently provides 44 plots to Wrightwood residents.

**Whereas**, in 2013, you helped to create the Walking School Bus to encourage more children to walk to the elementary school. This program enables students and parents to start the day off with a safe and thought provoking brisk walk.

**Whereas**, in 2013, you were appointed to the Wrightwood Municipal Advisory Council (MAC). Your tenure includes currently holding the position of Chair.

**Whereas**, you were vital in working with the Wrightwood Community Services District Feasibility Committee, helped is establishing the framework that made the formation a reality, and serves as the Vice-President during this start up period.
